Vier a (NTB-Reuter) -- Unconfirmed reports have reached Vienna that hun-
 dreds of families have been evacuated from Miskolc in eastern Hungary, presum-
 ably to distant places. The purpose is to remove them from this rapidly grow-
 ing industrial and military region. This is the first report that people are
 being evacuated from a city in eastern Hungary. Most of the evacuees are uni-
 versity-educated people, officers, and former owners of small industries.

Hungary has resumed evacuation of the population from places near the Yugo-
 slav border. The total evacuated so far is not known, but a train with 80 fami-
 lies left Nagykanizsa on the night of 16 June 1952. It was said that they were
 bound for eastern Hungary. People have also been evacuated from Jaguataad /pre-
 sumably Nagyataad/ and Pecs.
